

Press Release

Hing Design, New Pet Feeding Solutions.

Hing Designs announces the launch of their innovative, eye catching range of pet feeding creations for the design conscious pet owner.

This unique range was unveiled at Discover Dogs in November and was an instant success. The products received similar rave reviews at Crufts, attracting a great deal of attention from retailers and consumers alike.

Founded by dog loving chef and businessman, Hing Man, Hing Designs incorporates a creative flair combined with both fun and functionality, unique to the pet industry. British designed and manufactured, the products are easy to wipe clean, have non slip feet and removable stainless steel bowls which are dishwasher safe.

The range available includes pet feeding solutions for small to medium sized dogs, cats and small mammals.

The all new range offers a small bone shaped bowl, a larger bone shaped bowl, with removable stand and a fish shaped feeder.

Supporting Dog Rescue Charities.

Hing Designs is committed to supporting Dog Rescue organisations and donates a percentage of profit to a number of British charities.
